- ☐ Keep copy for records
- ☐ Document submission date

**Legal Support:** If denied based on privacy concerns, reference the Skagit County Superior Court ruling (*Rodriguez v. City of Sedro Woolley*, Nov. 2025) that confirmed surveillance data is subject to

RCW 42.56. The court found that “broad and indiscriminate” surveillance collection does not create a privacy exemption.

**Key Issues to Monitor:** Based on recent UW findings, many WA agencies may be unaware of federal access to their surveillance systems. Your request helps ensure transparency and accountability regarding who accesses this data.
